

Parking Instructions

The garage entrance is on Marina Blvd, no street address. The rolling gate is closed on weekends; simply press the intercom and let our security team know that you are here for the Liver Life Walk.

At the top of entry ramp, please pull and ticket and take it with you. There is no charge for parking, but this will be the easiest way to return to the garage later. We suggest parking on P1.

Once parked, follow the signs for "street access" to exit the garage on Marina Blvd. We will also place temporary signage for the Walk. Please do not use the elevators as they will take you to tenant space.

To re-enter, simply scan your ticket at the pedestrian door the right of the car entry.

To exit the garage, use the far right lane, press the intercom, and our team will open the gate.
